PROFESSIONAL SUMMARY

Result-driven Freelance Developer specialized in building scalable web applications and performance-optimized Java applications. Proven track record in open-source development, maintaining projects with 100k+ downloads. Expert in bridging the gap between complex backend logic and modern, responsive frontend interfaces.

WORK EXPERIENCE

Full-Stack Developer (Freelance)

Self-Employed — Remote

March 2024 - Present

- Engineered high-performance Minecraft mods using Java, achieving 100,000+ unique downloads through community-driven feature updates and rigorous debugging.
- Architected custom Discord automation bots for large-scale communities, optimizing API interactions to handle high-concurrency event listeners.
- Developed and deployed responsive web using Next.js and Tailwind CSS.

Administrative Operations

CV. Rejeki Dua Putra — Cirebon, West Java

April 2025 - July 2025

- Streamlined digital communications and documentation workflows, reducing internal response times for incoming/outgoing correspondence.
- Coordinated social media strategy and content distribution, enhancing the company's digital presence and professional brand image.
- Maintained meticulous digital archives and records management to ensure 100% compliance with internal auditing standards.

EDUCATION

Vocational High School - Computer and Network Engineering

SMK PGRI 1 Palimanan

2020 - 2023

Focused on Network Infrastructure, Systems Administration, and Hardware Troubleshooting.

ACHIEVEMENTS

- ★ Lead Developer of open-source Minecraft projects with >100,000 global downloads.
- ★ Certified Computer & Network Technician (Vocational Competency).
